Brochure
2026

Why the need for **quality, affordable healthcare** solutions?

Access to healthcare is an integral component of an employee's health and wellbeing.

Private healthcare solutions, like medical schemes, remain unaffordable for a large portion of the workforce.

Who is eligible for this **product offering**?

- ✓ **Employees earning** a monthly income of less than **R40 000**
- ✓ **Employees 18 years and older**, for as long as they are actively employed
- ✓ **Employer groups with 5 or more employees**

Momentum Medical Scheme offers six medical scheme options for employees earning above this threshold. Employees moving from a Momentum Health4Me option onto a Momentum Medical Scheme option may be subject to underwriting.

How does it work?

In line with Momentum's focus on innovation and flexibility, Momentum Health4Me follows a building block approach. Employers can choose the combination of benefits most suitable to their employees' needs and available budget.

Momentum Health4Me offers employer groups great value by applying our extensive experience and skill in the field, as well as our strong provider network partnerships, to facilitate cost-effective provision of day-to-day benefits, as well as a comprehensive set of major medical event benefits.

Make the **smart** choice and choose to **pay lower premiums**

The way in which we access healthcare has forever changed. The digital age in healthcare has us engaging with healthcare providers digitally, through virtual doctor consultations.

We all previously incurred travel costs to get to the doctors' rooms and spent time in waiting rooms with other sick patients, but we are seeing a smarter, more patient-centric approach.

Members can choose how they want to engage with the doctor:

- in person or virtually with access to qualified GPs at Hello Doctor
- anywhere, at any time and in their chosen language
- no more spending time in waiting rooms
- all from the comfort of their own homes
- with easy access from the palm of their hand

Momentum Health4Me supports you in making the smart decision for your employees, saving them time and unnecessary costs, all while accessing unlimited virtual GP consultations through Hello Doctor.

Hello Doctor

FREE

Members get free access to Hello Doctor, a mobile-phone based service that gives them 24/7 access to doctors – it's like having a doctor on call in their pocket wherever they go. Members also have unlimited access to online health information via Hello Doctor.

Hello Doctor consultations are unlimited, and can either be chat, phone call or video call (virtual) consultations, at no cost to the member.

Hello Doctor seamlessly connects patients with medical care through AI-powered triage. This revolutionary service reduces member waiting times to minutes and begins with a symptom checker that takes just 90 seconds to complete. Members are then instantly directed to appropriate care pathways – from automated self-care advice for minor conditions to immediate video consultations with healthcare professionals for more serious concerns.

Hello Doctor scripting

Hello Doctor consultations include unlimited scripting of Schedule 1 to Schedule 4, formulary-based medication where required. The script is sent directly to the member's nearest Dis-Chem, Clicks or MediRite pharmacy of choice for collection of their medication.

Hello Doctor consultations also include referrals for pathology and radiology, according to the applicable Health4Me pathology list or Health4Me radiology list.
